

SC120 12A Charger

The **SC120** is the ideal products for agricultural vehicle, vans and trucks with 12V batteries with capacity up to 480 Ah.

It offers charging programs especially developed for Start & Stop batteries: AGM VRLA and EFB.

The OBDII cable is included for today's technically advanced vehicles allowing the car to maintain power during battery replacement without memory loss.

Heavy duty crocodile clamps with OBDII cable are included

Technical specifications:

Applications	For all lead acid batteries 12 v up to 480 Ah
Input voltage	100-240 Volts automatic
Output voltage	12 Volts
Output current	3,8 A / 12,0 A selectable
Charging program	The SC120 , through its advanced microprocessor, performs up to 9 different charging/inspection functions. Special charging programs for Start & Stop batteries : AGM VRLA and EFB.
Ingress protection rate	IP 20
Safety features	Reverse polarity, short circuit, spark proof, overload, overheat and auto-stop
Memory data saver	Yes through OBDII cable (provided)
Certifications	CE RoHS
Sizes	L 231 mm x W 131,4 mm x H 68 mm
Weight	1200 gr
